Subject: Meeting w USGS

Hi Michael,

I would like to set up a meeting with USGS next Thursday morning to discuss the possibility of our partnering on the Bristol Bay Watershed Assessment. Their State Executive (equivalent of Dennis) will be on the phone. Rick is unavailable. He suggested you. But I think it might be a good idea to have Kate on the phone too. We will discuss what each agency is planning to do and how we might collaborate. At the end we need the blessing of the two executives so that we can move discussions back to the staff level. Can you and Kate be available next Thursday mid morning Alaska time? I still need to coordinate the time with USGS folks so a response asap is appreciated.

Phil
